BETTER RELATIONS URGED BY MEXICAN CONSUL IN SPEECH

SR. C. A. CASARIN OF SAN ANTONIO ENTERTAINED BY CAMERON MEXICANS.

Better relations between the government of the United States and Mexico through sympathetic understanding and co-operation of the nationals was urged by Sr. C. A. Casarin, Mexican Consul of San Antonio in an address delivered at the Court House Sunday afternoon.

The Consul was welcomed to Cameron by Mexican committees from the Honorific club and the Blue Cross and by a committee from the Commercial club composed of J. R. Hays, W. B. Skelton, Hilry Stedman and C. W. Bradbury.

The visiting official was escorted to the court house where an address of welcome was delivered by U. S. Hearrell. In his address the Consul urged his nationals to be loyal to the government of the United States and urged a better understanding between the two peoples.

He spoke clearly, and though he spoke in the interest of the Blue Cross, his main object was to impress upon his people to be true to the United States government and to live in union. Twelve representatives from nearby counties were present. Mrs. Rafaela Daniel de Gonzales is the president of the Cameron district. The local officers of the organization are Luis Gonzales, president, Maximo Cortez, secretary, Estanislao Villanueva, treasurer.

This was one of the largest Mexican demonstrations ever held in this city.

W. B. SKELTON TO DAUGHERTY MOTOR COMPANY HERE

FORMER SECRETARY OF AUTO COMPANY TO RE-ENTER AUTO BUSINESS.

W. B. Skelton who recently retired as manager of the Milam County Produce Company, has accepted a position with the Daugherty Motor Company and will begin his services with the company at once.

Mr. Skelton during 1920 and a part of this year was secretary and treasurer of the Daugherty Motor company, Chevrolet dealers in this county. Following his retirement from this company he was made manager of the Milam County Produce company. He is secretary of the Cameron Commercial club.

His many friends in this county will be glad to learn of his decision to again enter the automobile industry.

MRS. W. C. TABER, PIONEER
RESIDENT, BURIED HERE

Mrs. W. C. Taber, for many years a resident of Cameron, a pioneer of Milam county, who died at the home of her daughter Mrs. Arthur W. Taber in Austin at 8 o'clock, November 27, 1921, was buried in Cameron in Oak Hill cemetery, Nov. 28.

Mrs. Taber was buried by the side of her husband W. C. Taber, Milam county pioneer who preceded her three years ago.

Funeral services at the cemetery were conducted by Rev. Russell C. White, pastor of the Baptist church, assisted by Rev. Ira F. Key, pastor of the Methodist church.

Mrs. Taber is survived by two children, Mrs. W. E. Ponder of Sweetwater and Mrs. Arthur W. Taber of Austin, both of whom attended the funeral. A. W. Taber, Mr. and Mrs. John Ward and Miss Arnette Taber of Austin, attended the funeral.

The death of Mrs. Taber is sincerely regretted by a host of friends in Cameron where for many years she lived. She was a Christian woman and her influence and Christian living was a contributing factor in the religious ideals of the pioneers. The passing of these pioneers brings a great loss to the state and are universally mourned.

The Herald extends its sympathy to the bereaved in the passing of this fine Christian mother and pioneer woman.

ODD FELLOWS ROLL CALL

COMMISSION FORM GOVERNMENT WILL BE TALKED FRIDAY

ONE OF IMPORTANT MATTERS TO COME BEFORE CLUB FRIDAY NIGHT.

Proponents of the Commission form of government movement in Cameron will bring the matter up for discussion at the club tomorrow night.

The Commercial club recently appointed a committee to make recommendations for the commission form of government. The committee has reported and recommended an election to be held in February. Friends of the movement believe that the matter of arranging for the election should not be delayed longer as the city nomination primaries are to be held in February and if the commission form is to be adopted in Cameron action should be taken prior to that time or arrange to hold the election at the same time the primaries are held so that if a preference is shown for the commission form the city government can be arranged accordingly.

The city manager form has been recommended to give a business administration to the affairs of the city.

KNIGHTS OF COLUMBUS TO
ORGANIZE IN CAMERON

A council of the Knights of Columbus will be organized in Cameron Sunday, December 11. Delegates from many of the surrounding towns will be in Cameron to attend the ceremonies.

An all day entertainment with a banquet in the evening will be the program, with speeches for visiting members and delegates. Mayor U. S. Hearrell will deliver an address of welcome.

Knights in Cameron are preparing to entertain a large number and local committees are at work this week completing the plans.

ELECTION TO REDUCE
TAX RATE DEFEATED

The election held at Ad Hall last week to reduce the tax rate from 50 cents to 25 cents was unsuccessful. The tax rate will remain at 50 cents as a result of the failure of the lower tax proponents carry the election.

THROUGH THE EYES OF THE ENGLISH DEPARTMENT OF YOE HIGH SCHOOL.

NATIONAL EDUCATIONAL WEEK
This week is National Education week throughout America. I am sure that every one in America will be interested in this great movement, which will or at least should be, of vital importance to all. There are a number of important purposes of this movement, but I shall discuss only a few.

The most important is to arouse public interest in school affairs. If today. Schools are the most important factors of life; they are the foundation upon which we build our future career. What can promote the development of the schools more than the co-operation and interest of the people as a whole? The statistics show that the schools in America are as good as any in the world, and in order to keep them on this basis we must make personal interest in their affairs.

Again the purpose of this movement is to urge the employment of efficient teachers. No school should employ teachers who have not had superior training. In olden days it did not matter as to where a teacher had gained her education, but today it is quite different. The schools should select teachers who can establish in the mind high and lofty morals, in order that the children may develop into strong character.

Another important purpose of "National Education" week is to let the patrons see the great necessity of training the children to be good strong loyal Americans. We must Americanize our children so that when they have completed their high school education they will not only be well book-learned, but will have all elements that make up a good American citizen of today.

Keeping these few facts in mind I do not believe that anyone will let this week pass without having accomplished something towards this great movement, which is now in progress.

RETAIL MERCHANTS ASSOCIATION WILL BE ORGANIZED HERE

CLUB MEETING GIVES TIME FOR CONSIDERATION OF ASSOCIATION FOR CAMERON

A retail merchants association will be organized in Cameron.

The Commercial club meeting Friday night was partly given over to the consideration of plans for the association. A number of firms subscribed for membership. J. W. Coleman was elected chairman of the meeting. Further plans for the association are to be made.

Following is the minutes of the meeting:

Roll call showed the following present: Officers: Robert McLane, president, W. W. Chambers, vice president, B. F. Bonds, treasurer, W. B. Skelton, secretary.

Directors: H. M. Heffley, Jno. E. Mangum, J. W. Coleman, Geo. T. Graves, J. B. White, W. G. Gillis, R. H. McIntosh, S. A. Cottle, W. O. Triggs, Giles L. Avriett, O. M. Smith, Dr. James Watson.

Committee chairman: J. L. Clinton, J. T. Parma, J. D. Dobbins, Dan Tyson, J. R. Hays, C. W. Lawrence, W. M. Cobb, C. R. Phillips.

Minutes of previous meeting were read and upon motion adopted.

J. T. Parma, chairman of the Civic Improvement committee, reported an offer for the cotton classing office of \$50, but thinking the offer too small refused it. He also suggested the possible use of the office in connection with a tourist park to be established next spring.

The various committees appointed to raise money for the refinery site reported progress but as none had completed their work no final report was had.

J. T. Parma reported the itinerary of Marshal Foch as having been changed so as not to include the town of Cameron as at first thought.

Mr. Hillen of the Retail Merchant's association of Texas, appeared before the club and made an interesting talk on the work of his association and the good to be derived from such an association in Cameron. On motion from J. W. Coleman, duly seconded it was decided to organize a Retail Merchant's association in Cameron.

Upon motion of W. W. Chambers, duly seconded the Commercial club meeting adjourned and the meeting was turned over to the Retail Merchant's association for the purpose of organizing.

of our people and in teaching them to be better citizens. Furthermore it is improving steadily and will soon reach a standard of greater efficiency but our schools have, as yet, a great deal of ground to cover, and in many ways they have utterly failed.

In our recent war it was discovered that one man out of every four could not read and write, so we are forced to acknowledge that our schools have failed to reach a certain class of people, at least. There is always a certain class of people who for selfish reasons wish to keep their children at home with some little work as an excuse. We should devise some method that will act directly on those people and will eliminate this error. Then our schools have not done the work they should have done because they have not been practical enough. They should teach agriculture in connection with an experiment farm, also banking, salesmanship, and other vocational courses should be taught. Girls should be taught domestic arts and science. Those things that are really worth knowing and will be of some benefit. (Continued on page 4.)

CENTRAL PRODUCE BUYS MILAM COUNTY PRODUCE COMPANY

M. N. PETERS ACQUIRES PROPERTY FOR HIS COMPANY IN CAMERON.

The Central Produce Company has purchased the business and interests of the Milam County Produce Company in Cameron.

The Milam County Produce company was recently organized and began operations in October. The company was owned by F. A. Green and was managed by W. B. Skelton until the latter's retirement three weeks ago.

M. N. Peter, manager of the Central Produce company in Cameron acquired the property for his company. This gives the Central Produce Company the only large wholesale produce business in Cameron.

The Central Produce Company was established in Cameron in 1920 and has been successful in every way in affording a ready market for the produce brought to Cameron. This company buys in car lots and ships in car quantities.

Recently the Central Produce Company purchased more than \$18,000 worth of pecans from the farmers living in the river bottoms of the county.

MINERVA REFINERY IN OPERATION BY FIRST OF YEAR

OWENS REFINING CO. OPEN OFFICES IN CAMERON—MINERVA DEVELOPING FAST.

Construction on the refinery at Minerva being built by the Owens Refining Company of Cameron is going along at a very fast pace and Minerva is beginning to take on the appearance of a real oil field town.

John S. Owens who is financing the project has returned from Ardmore and is busy arranging his affairs for the project and has opened up spacious offices in the First National Bank building here.

Mr. Owens brought with him from Ardmore John H. Edwards who will act in the capacity of auditor for the new company and W. A. Jones who will be superintendent of the plant when completed is also superintending the construction of the refinery. Nearly all of Mr. Owens former employees who were with him at the Chickasaw Refinery at Ardmore have accepted positions with the Owens Refinery at Minerva and will move to Cameron soon.

Several carloads of material have arrived for the plant at Minerva and is being unloaded. About 100 men are employed in the building of the stills and concrete work, the foundations for the stills are up and the brick work has been started.

The laying of the pipe line to the field has been delayed on account of the weather conditions and will be started as soon as possible. Mr. Owens expects to be running crude oil through the lines and have the refinery in operation by the first of January, 1922.

A tank building crew from the Service Tank Company of Ardmore are busy erecting the many tanks around the refinery and several teams are doing the excavation work building a reservoir for the storage of water to run the plant.

Nearly all the rigs are closed down on account of the rainfall. There are no new completions this week but several wells are nearing the sands among them being the McCamey Bradstreet, Baggett No. 2, Henry which is drilling at something below 630 feet and the Lee Drilling Company No. 2 Nelious.

A Trades Day crowd estimated at 2000 people Monday saw "Dare Devil" Miller in his spectacular death drag and other sensational stunts during the day.

For the first time in many months a special attraction was arranged for the Trades Day crowds and on Monday hundreds of people flocked to the city in response to an advertising campaign managed by J. R. Hays, chairman of the committee on entertainment in the Commercial club, who featured "Dare Devil" Miller as well as sensational bargain offers from the merchants of Cameron.

As advertised at ten o'clock Monday morning "Dare Devil" Miller was hoisted by his feet to the dome of the court house and hanging some sixty feet from the pavement extricated himself from a regulation straight jacket in three minutes. For spectacular performance this stunt was gratifying to the crowds that packed the court house lawn and jammed the sidewalks on all surrounding blocks.

At four o'clock in the afternoon through approximately one half mile of street lined with people—a crowd estimated at between 2000 and 2500 people—the famous "Dare Devil" was seen in the "Drag of Death" which for sheer daring and death defiance is perhaps without parallel in the annals of spectacular events. The crowds came for a real thrill and were not disappointed.

Tied securely by his feet and in a regulation straight jacket to a Buick roadster furnished by A. E. Schiller of the Cameron Motor Company, the "Dare Devil" was drawn through the crowded street for a distance of about one half mile, escaping from the jacket as the speeding car plunged across the line at the end of the course. The crowds looked on in amazement and women screamed as the car shot down the course at 50 miles an hour.

The car was driven by Joe Batla assisted by M. E. Greenaway.

The "Dare Devil" escaped from the jacket in the time limit and at the end of the drag emerged from the dust of the street unharmed and was cheered by the crowds.

Miller is now contemplating being dragged from San Francisco to New York and believes he can accomplish the feat.

The goat roping contest held near the Santa Fe depot drew a great crowd. Joe Kirk won the first prize. He roped and tied the goat in 17 seconds. It was clean and amusing.

BAPTIST TEACHERS HOLD CHURCH SOCIAL

PASTOR DELIVERS ADDRESS TO SUNDAY SCHOOL WORKERS—REFRESHMENTS.

Teachers in the Cameron Baptist Sunday school under Superintendent J. C. Martin held a church social at the church Tuesday night, serving refreshments to invited guests.

Rev. Russell C. White, pastor of the church, delivered an address to the teachers with helpful remarks along the line of their work in the Sunday school.

The social was held in the annex of the church, the primary assembly room being used for the congregation of the teachers and their guests. Social games were played and the evening pleasantly spent in happy association. Dinner was served at the close of the hour of pleasure and the address of the pastor.

At a teachers meeting Tuesday day night a Christmas program will be discussed.

Christmas cheer for the poor children will be a part of the Holiday program. The school will also send Christmas boxes to the Buckner orphan home.

The school is making splendid progress under the leadership of Mr. Martin with his efficient corps of teachers.

DUBINSKY BROS. SENT
SHOW HARD TO BEAT

The Dubinsky Bros. Stock Co. is in the city this week in a big tent and have been drawing good crowds at every performance. This company is without doubt the best show of its kind that has ever visited our city. Their plays are new, clean and high class and the cast as a whole is a well balanced one. Friday night the company offers "The Girl Without a Chance," Saturday matinee, "Little Red Riding Hood" and Saturday night "Red of Crazy Bone Ranch." If it is that you have never witnessed one of their performances try and see one before the company leaves as you will be well paid.

THE ROSE OF JERICHO

Pilgrims Told of Its Power to Bloom on Christmas Day.

Blossom Given the Name of Resurrection Flower; Also Called St. Mary's Rose.

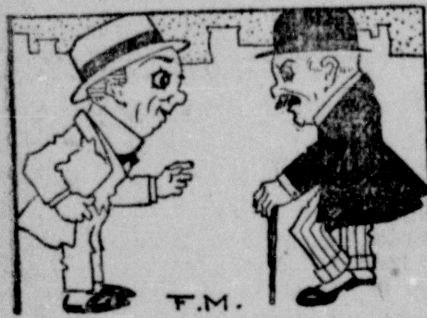

SEVERAL varieties of the so-called resurrection plant have appeared among the novelties offered by florists, but the original is the rose of Jericho. Along the shores of the Dead sea, far enough away to be out of reach of the death-dealing vapors and the salt spray, grows this rose, a little plant famed in many a legendary story, which, when ripened, rolls up its sprays and branches into a curious little brown ball.

The desert winds snap off its dry stem and whirl the seemingly dead little ball away over sandy plains, like a feather-weight. After it chances to reach some damp place, in about ten days, the moisture has wrought a miracle for the once dead is alive again, green and growing.

The old-time pilgrims, who brought back this plant with them from the Holy Land, told wonderful tales of its power to bloom out on Christmas day and gave it the name of resurrection flower. Another old legend names it from every spot where they halted to rest.

The dry ball when unfolding drops its seeds, and from these it may be cultivated as an annual. To resurrect these dry balls it is simply necessary to keep them standing in glasses of water, immersed about halfway to the top of their branches. The expansion is merely a mechanical spongelike process.

The botanical name of the rose of Jericho is *anastasis*, from *anastasis*, resurrection. There are other species of resurrection plants, but they are not so attractive as their Dead sea relative, which, although it has very little beauty, has an honored place among flowers because of the many fancies and associations it calls up and its peculiar development.—Argus.

CHRISTMAS TOKENS OF LOVE.

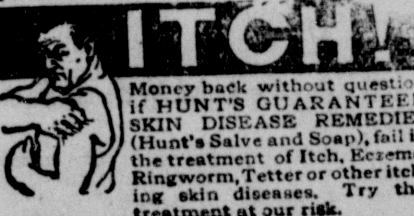

WHEN any uncertainty exists let us give a token of love, or friendship, or human kindness, something that, while expressing these things will, at least, be harmless. Let it be something that does not last—that brings the meaning and vanishes—something that never will know the indignity of the top shelf of the spare room closet!

A knock at a friend's door on Christmas morning and the clasp of a hand do this. A growing plant does it—but, most of all, thou beside me, singing in the wilderness—the personal revelation does it. Suppose a letter came on Christmas morning, to say—"You are perfectly dear to have sent me a spool box," but "I want you to know that your patience, or courage, or tenderness, during this last year, will help me to live more bravely and courageously and lovingly this next year!" What a Christmas present the receipt of such a letter would be to any one of us! What a Christmas present for any one of us to send to the human heart that has given us courage for the burden and heat of the day!—Indianapolis News.

THE HOLY MANGER

"Prespio." Instead of Christmas Tree, in Italy and Spain.

It is Representation of the Place Where Baby Christ Lay in Bethlehem.

GIRLS and boys of Italy and Spain, which are called the Latin countries, never hang up their stockings at Christmas time, nor do they have Christmas trees. Kris Kringle and Santa Claus are German saints and the Christmas tree came out of the German forests long, long ago, when the nations of northern Europe were forest tribes. It is the northern peoples—the Germans, Scandinavians and English, all of whom are descended from old Teutonic tribes—who keep Christmas as Americans do.

Instead of the Christmas tree, Italian and Spanish boys and girls have the prespio. "Prespio" means manger, and it is a representation of the manger where the baby Christ lay in Bethlehem. It is presented in different ways. Sometimes it shows only the inside of the barn where the Baby and His mother lay, with Joseph, the Three Wise Men and the ox

and mules about. Sometimes it shows a hillside, with the Wise Men coming on foot or horseback, or on donkeys, bringing their gifts to the stable. Sometimes the manger is small—not more than a foot square. Sometimes it is large enough to occupy the whole end of a room. It is built on a board foundation and is made of wood, with earth, pebbles, dried grass and leaves for the outdoor scenes. The figures are carved of wood, or perhaps little dolls are used, all very carefully and elaborately dressed by the girls. Sometimes brooks and lakes are ingeniously represented with paper, glass or isinglass. Sometimes the whole is rough and rude, but again it is very neatly and beautifully done, and is quaint and interesting when all complete.

The French, who are half Latin and half Teutonic in their makeup, mix the customs of both races in their Christmas keeping. They build the manger and they also give the children presents; only, instead of hanging her stocking, little French Babette puts out her shoes. The French call the manger "creche," and in country villages in France companies of children still go from house to house on Christmas eve, carrying the creche and singing Christmas carols. Sometimes they help to build a beautiful large creche in the village church, over which the are very proud and delighted.

You're the Goodest Old Santa

THE VISIT OF THE WISE MEN
TO THE KING OF KINGS

(My Mary Alice Moore.)
Ah! Christmas will soon be here, the stores are full of toys for Christmas gifts. Mamma will be busy cooking pies and cakes and planning a Christmas treat, a dinner of turkey and oysters or fish and ever so many good things to eat.

Papa is reminded that Santa Claus loves to see in the home, a beautiful miniature tree, and mamma that the home must be made gay with evergreen wreaths, stockings must be selected to be hung by the chimney with care in hopes old St. Nicholas will soon be there.

Remember our Heavenly Father wants us to learn another Christmas story, a story of His Divine Son and Mary's Son, our last story left our Heavenly Father's Christmas gift to the world cradled in a manger in Bethlehem or Judea.

In the far East, God heralded the birth of His son to the Gentile world with a beautiful star. Many wise men of that country spent hours studying the planets and lo, they saw a new star brighter and more beautiful, than all the rest, leave its orbit and travel west. They were impressed by the Holy Spirit, that this star heralded the birth of the long looked for King of the Jews, so they resolved to follow the star and worship the king.

Hastily making due preparation for a long trip of perhaps 1500 miles, they mounted their camels and started through the dewy night, doubtless enjoying the quiet solitude and beauty of nature wrapped in sleep broken now and then with a howl of a prowling wolf or the bark of a fox, hunting for something to eat, or the weird cry of the hoot owl, "who, who, who are you, sir?" Recalling God's wonderful works, their thoughts drifted on God's love for man until the King of Day peeped above the horizon with his golden rays changing the clouds of pinks and gold and then with dazzling sunbeams hides the stars above them, then the travelers dismount, hobble of tether their camels, prepare breakfast and stretch a hammock on some nearby cedar or olive tree or cast a rug over a pile of fallen leaves and go to sleep or perhaps they drift into some way side inn for rest and a chat over the wonderful star and what it means to mankind. While the wise men were making their trip, the wonderful baby was growing stronger day by day and when He was eight days old, He was named Jesus and when thirty and three days old, obeying the Jewish laws, given by Moses, Joseph and Mary took Him into Jerusalem, about six miles from Bethlehem, into the Temple and being too poor to buy a lamb or kid offered in sacrifice a pair of turtle doves. While in the Temple, Simeon, a devout Jew, being filled with the Holy Spirit, took Jesus in his arms and thanked God for "a light to enlighten the Gentiles and the glory of thy people, Israel." Later, Anna, a prophetess thanked God for Israel's redemption, after which Joseph and Mary with the baby returned to Bethlehem and took refuge in a cottage expecting to remain there until the wee baby was strong enough to make the long trip to their own home in Nazareth in the mountains of Galilee.

Perhaps, not long after their return to Bethlehem, the wise men reached Jerusalem and to their dismay, probably dark clouds veiled the sky and their beacon star was not to be seen, so they entered the Jewish capitol, Jerusalem, and inquired for the King of the Jews, saying they had seen His star in the East and had come to worship Him. Herod the great, had gained the throne through much cruelty and bloodshed and wanted no other king in the land of Israel, so he called together the Sanhedrin (composed of the chief priests and scribes, the religious rulers of the Jews) and demanded where Christ was born. Their answer was: "It is written by the prophets, Thou Bethlehem in the land of Judah art not least among the princes of Judah, for out of thee shall come a governor, that shall rule

shelter, clothes and food for them until he could get work at his carpenter's trade.

Herod waited and waited for the return of the wise men until his patience was exhausted and then in anger sent a company of soldiers through all Judah with orders to slay every Jew baby boy under two years old, little dreaming the "Baby King" was safe in Egypt, where He remained, some thing like two years, until after the death of Herod the great, and then the angel messenger told Joseph in a dream of Herod's death and God's message to return to the land of Israel, Joseph obeyed and after reaching Judeah found Herod's son Archelaus, who was even more wicked, if possible than his father, on the throne and fearing lest he hear of and destroy the "Baby King" Joseph returned to their cottage home in Nazareth in the mountains of Galilee in the northern portion of the land of Israel.

Ah! Little folks! Just think what would life for you and me be without a Christmas day to gladden the whole year, no Santa Claus with loving gifts of toys and things to brighten our lives, no Christmas trees, no decorated homes, bright and gay, to send loving cheer o'er all our way, no big dinners of turkey, oysters or fish, pies, cakes and other goodies to eat. So let us thank our Heavenly Father for the very best day in the whole year and thank Jesus for being God's Christmas gift of love to us and let no unkind or selfish thought cloud our brow—only loving thought and words and deeds and let us try to gladden every life we touch and when the day is over let the Christ spirit breathe through us until Christmas bells ring again. Merry Christmas to you, one and all and a happy visit from Santa Claus too! Good-bye.

Maybe the reason the mule kicks is because its owner won't buy a tractor.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

A YULE MESSAGE

Christmas Spirit, Peace and Good Will Should Prevail.

Time to Be Happy and to Aid Others in the Enjoyment of the Season's Cheer.

On earth, peace, good will.—Luke 2:14.

SURELY there is a mystic tie between spirit and nature, between heaven and earth, between God and man. Not strange is it, then, that on the night of the most wondrous birth, time has seen, the age sealed skies should part and song of angels entrance the watchers on Bethlehem's plains.

What is the secret of the unwonted charm brought by this brightest day in time's calendar? Why is the season charged with such gladness? Why do men and women feel that they can lay down their vexing burdens and their faces smile again with the faith and joy of childhood's care-free days?

It is the rapt influence of the angelic song on the natal night, "Peace on Earth." To a humanity distracted, troubled by doubts and fears, wounded by sin and smitten by conscience, God sends a message: "Fear not, I am your Father. I give you a Savior from sin and misery. You are my children. My heavenly peace I breathe upon you." And in this sweet pledge of divine remembrance and Fatherly love—of God at peace with men—a wave of tranquil joy floods the world.

But, again, it is an evangel to man of peace with himself. Every man finds discord in his own being. His innermost personality is the seat of antagonisms. He is an instrument out of tune. The primal harmony of his spirit is broken. He is at war with himself. His baser strives with his higher nature. Soul and body war against each other. But "on earth peace," chants the seraphic choir. Regard the image of God stamped upon you. Put down the low and base. Let the spirit rule and the body serve.

Finally, the Christmastide should breathe the spirit of peace in our business and in all the relations of life. Especially in our homes we can cultivate the Christmas spirit, displacing their frequent discontents, fault findings and contentions with peace and good will.

For this glad time, at least, let us all be better men and women; less selfish, more kindly, easier to live with. And how much happier will we be if this Christmas spirit—its cheery glow and kindly warmth—stay with us all through the year!—Junius B. Remensnyder.

THE AMERICAN CREED.

I believe in the United States of America as a government of the people by the people for the people—whose just powers are derived from the consent of the governed—a democracy in a republic—a sovereign nation of many sovereign states—a perfect union one and inseparable—established upon those principles of freedom, equality, justice and humanity for which American patriots sacrificed their lives and fortunes.

I therefore believe it is my duty to my country to love it—to support its constitution—to obey its laws—to respect its flag—and to defend it against all enemies.

THROUGH THE EYE OF ENGLISH

(Continued from page One.)

in after life should be stressed.

On the other hand our schools are rapidly improving because people are beginning to realize how much room we have for improvement. A law has been passed compelling children between the ages of eight and fourteen to attend school at least five months out of every year. The day is coming when this law will be increased to nine months, and for a greater number of years. Current literature is being more generally read in the class rooms. More and better courses are being offered to the children that will suit their individual purposes in life. More schools are being equipped with laboratories. The idea of a more practical education is becoming more generally known and steps are being taken in that direction. I think we can reasonably expect great results from our public school system in the future.

Why should we not invest money and energy in this system when it is the greatest project in our nation today? We can best improve the world by educating the future generation, by teaching them to be men and women fully competent to handle our government, and by sending out men and women at their ease in social gatherings, in correspondence, and in the use of good English.

Since our schools have proved what they can do under great difficulties, we need have no fear what they will do with more backing and with a few corrections. Let our cry be for better schools.

SYDNEY THOMAS, Senior.

NEEDS OF YOE HIGH SCHOOL

We want Yoe High on the standard of the best schools in the state, do we not? If we do want our school on the same standard as other good schools in America, we must give more thought and time to the equipment of the school. We all know that before a machine can run it must have the required materials, and thus it is with our school boys or girls.

Yoe High must have more books in the library before the students can properly read the parallel readings in the allotted time. A class of thirty can never properly read a book in one term when there are only two or three books to be had and perhaps the best co-operation is not obtained.

And yet we might have all the library books necessary and have no librarian and naturally the books would soon be lost, misplaced or incorrectly kept. Besides the loss of books, when there is no librarian, one pupil is kept in the library each day. One day does seem a very little to lose from regular work, but a day out is a day lost. So after all we see that the most economical thing to do is to employ a librarian.

In our home economic course we want our girls to be encouraged because we all realize this is a new course in Yoe High and it must be a success. Before we can make the proper progress we must have a dining room because we should get experience in entertaining and serving as well as just preparing the meal. We should all like to ask some one up to dine with us but how could we with no dining table?

The patrons respect our beautiful new high school building so much that they are making plans to improve our campus. We all know that one of the most important things for a good school is a pretty campus that has basket ball courts, foot ball grounds, tennis courts, and other such equipment. Our pupils can always work better and be more interested when they have had some physical exercise, we are grateful to our loyal citizens who have promised us this campus and we are all looking forward to its completion.

We must be interested in our high school, go visit it and see its needs and then strive to make our school the best in the state. We can do it because we have an efficient faculty and our students are making themselves worthy of some material improvement. Let's inspect our schools, see the needs, make the improvements, and derive the benefit. We can do it if we just say "we will."

The strength of the position taken by the National Automobile Chamber of Commerce in basing its awards for honor position at the National Automobile show only upon actual figures of business done, reported by each manufacturer, is readily apparent. The per centage method of determining the leading automobile company would be manifestly unjust to many companies whose yearly volume runs into many thousands of cars like Buick which has again been awarded this position at the shows this year.

A manufacturer who made but 500 cars last year might increase his production to 1000 cars this year—a 100 per cent increase—yet its contribution to the automobile industry as a whole would be immeasurably less than that of a manufacturer who built 50,000 cars last year and brought his volume of business for the following year up to 75,000 cars—an increase of only 50 per cent.

Per centages don't exactly lie but they frequently are misleading.

St. Louis, Mo., Dec. 6.—Red Cross Chapters in the Southwestern Division will re-open their production program in the near future, it is announced at the Division headquarters in this city by the Manager of the Division, James L. Fisher. The work to be undertaken is making bathrobes, sweaters with sleeves, and pajamas for men in the public health hospitals in the United States, and in remaking cast-off garments into clothes for suffering children abroad, as well as outer garments and warm underwear for adults in the sections of Europe which have not yet recovered from the effects of the war. Shipping warm clothing to Central Europe must increase at once if the bare necessities of life are supplied to the destitute of Europe, it is stated. Colonel Ernest Bicknell, Red Cross Commissioner to Europe, in a recent communication to the National office of the Red Cross at Washington, stated that it is urgently important that the Red Cross organization in this country rush shipments of clothing to Europe so that they will be received by January 1st, if possible. The greatest need, he stated, is for layettes and winter garments for children between the ages of one and five.

In the matter of supplies for ex-service men in public health hospitals in America, the National Director of Medical Social Service has suggested that a large number of sleeveless sweaters knitted during the war and now stored in Red Cross warehouses could be remade into garments with sleeves if there are enough volunteer workers to rip up these sleeveless sweaters and re-knit them. The Division headquarters at St. Louis will supply these garments for re-making to Chapters having volunteer knitters, and Manager Fisher urges that the work be done at once, so that the sweaters will be ready for use before the coldest weather begins.

Production in Red Cross Chapters necessary to meet local needs have never stopped, Fisher said, and probably will show increasing activity from now on, due to the increasing number of needs constantly arising.

THE MENACE OF THE PINK BOLLWORM—BUY ONLY STERILIZED SEED.

It seems that the pink bollworm is scattered over the State of Texas much more than we know about. It is a very serious cotton pest and is usually carried from place to place in planting seed. Arrangements have been made for the sterilization of cotton seed shipped from place to place for planting. By sterilization is meant treating the seed in such manner as to kill all pink bollworm therein and not injure the seed.

Our advice to farmers is not to buy any cotton seed for planting unless each sack has a tag on it signed by the Commissioner of Agriculture and the Chief Entomologist and states that

the seed have been sterilized.

BRITISH SHACKLES TORN FROM IRELAND

CENTURIES OF STRIFE ENDED
WHEN IRELAND IS MADE
A FREE STATE.

war debt and her own responsibility for payment of part of it.
Britain will withdraw her military forces from Ireland as soon as possible.

Allegiance to King.
The Irish will acclaim allegiance to King George as head of the association of nations forming the British commonwealth.

Interned Sinn Feiners will be released.
Britain will make adjustment for past overtaxation in Ireland, and allow for damage to Irish property in the past three years.
Ireland is given authority to establish an army in proportion to her population.

Ulster may enter the Irish free state with full powers of an equal province of united Ireland.

Religious Liberties.
Interference with educational or religious liberties or endowments in either North or South Ireland is prohibited.

In the event Ireland votes herself out of the association of nations she loses her fiscal and military autonomy rights.

Safeguards to be established in Ulster for protection of the Roman Catholic population.
Ireland permits use of her harbors for British warships, but Ireland is permitted to begin building ships for the protection of her custom and fisheries.

Can Be Revised.
The conditions can be revised at the end of five years if Ireland desires.

The terms of the peace agreement will be effective twelve months from Dec. 5, 1921, in the event they are duly ratified.

The agreement terms are now under consideration at Belfast.

Arthur Griffith and G. Cavan Duffy, two of the Sinn Fein peace delegates, called on Premier Lloyd George this afternoon.

BIRMINGHAM, England, Dec. 6.—Ireland hereafter will be known officially as 'the Irish Free State,' under the agreement reached at last night's London conference, it was announced by Lord Chancellor Birkenhead in an address here today.

In outlining the general terms of the agreement, the Lord Chancellor said:
"We propose, in the first place, that, within the area of Southern Ireland we shall make those who, beyond all question within that area at this moment are entitled to speak for the overwhelming majority of the population, masters in their own house."

"With one single important reservation," declared Lord Birkenhead, "it will place Ireland precisely in the position of Canada, Australia, New Zealand and South Africa. And there is no power, subject to the reservation

which I shall indicate, that is given to anyone of these great self-governing dominions that we shall not equally concede to the state which is to be created."

Lord Birkenhead said the Parliament to be set up would be supreme in its own domain in matters of finance, but that arbitrators would determine the amount to be assumed by Ireland as her proportion of the national debt and war expenditure.

Santa Claus' Books

WHEN the evening shadows gather and the time is eight o'clock you can hear, if you will listen, Mr. Sand Man's gentle knock.
Then you'd better hustle lively—time your evening prayers were said.
And each boy and girl well tucked in their cozy, downy little bed.
For when Mr. Sand Man's knocking sounds the signal, you may know Santa Claus is closely watching from his palace built of snow.
And the children that are naughty and don't mind their ma's and pa's Get their names down in the "Bad Book" that is kept by Santa Claus.

Boys who never split the kindling, and the girls who always cry When they're asked to wash the dishes— Santa Claus has got his eye On such boys and girls, and watches with a sad and sorry look As he writes each name in sorrow on the pages of his book.
And the girl who never hurries, but lets mamma do the work, And the boy who's always scheming all his little chores to shirk— They may think no one pays notice when they don't help ma's and pa's But their names are on the "Bad Book" that is kept by Santa Claus.

But old Santa keeps a "Good Book"—it's the bestest book of all, Where he writes the names of children who are prompt at duty's call, And the boys who split the kindling and the girls who never shirk But rise early in the morning and help mamma with the work; And the boys who never grumble when there's work for them to do, And the girls who help their mamma's till the housework is all through— Oh, they needn't ever worry when it's Christmas time, because All their names are in the "Good Book" that is kept by Santa Claus.

Is your name down in the "Bad Book"? Well, there is still a chance for you. And if you will listen to me, I will tell you what to do.
Don't act naughty, don't talk rudely, don't be noisy, be polite; Get up early in the morning, and into bed early at night.
Cheerfully perform each duty, do your work before you play. Never put off till tomorrow work that should be done today.
If you do these things, dear children, it will please your ma's and pa's. And your names go in the "Good Book" that is kept by Santa Claus.

ARBUCKLE TO BE TRIED AGAIN ON 9TH OF JANUARY

San Francisco Cal. Dec. 5.—Col-lateral issues were to the fore today in the affairs of Roscoe Arbuckle, the jury which tried him on a manslaughter charge having disagreed and been discharged yesterday.
Judge Louderback set Monday, Jan. 9, at 10 a. m. as the time for the opening of a new trial.
Arbuckle, in a statement issued after the verdict, termed it a "moral acquittal."

Foremost of circumstances attracting public interest was the charge made by Mrs. Helen M. Hubbard, one of the jurors.

Mrs. Hubbard told Milton U'Ren an assistant district attorney, and several other persons, that a man representing himself as Gus Oliva, a commission merchant, with whom her husband had business dealings, had telephoned the husband Saturday with the intent of having her change her vote as a juror. She let it be known that she had stood consistently for Arbuckle's conviction. Hubbard said it had been intimidated by the man that he might save himself trouble by sending his wife a note asking that she vote for Arbuckle's acquittal.

The second focus of discussion was a federal charge against Arbuckle

based on an allegation of illegal transportation of liquor drunk at the party in the Hotel St. Francis, at which it was charged Miss Rappe received fatal injury at Arbuckle's hands. This was set for hearing today.

The third item on the list was a charge of perjury against Mrs. Minnie Neighbors of Los Angeles, a witness called by the defense in Arbuckle's manslaughter trial.

BAPTISTS IN HOT DEBATE ON FORMS OF HERESY REPORT

Dallas, Tex., Dec. 5.—The 73rd annual convocation of the Texas Baptist convention closed here today, the final hour being given over to a memorial service for the late J. B. Gambrell, for fifty years identified with the work of Southern Baptists. A memorial to deceased was read by Dr. J. B. Cranfill, and a score of men and women gave one minute testimonials.

Alleged heretical teachings in Baptist schools formed the subject for a spirited debate during the final business session of the convention. A committee of seven members was appointed last week to investigate the schools and make a report. The session today was enlivened when mo-

tions were made, withdrawn, revised, amended and made again regarding the manner in which the committee should report. A motion was finally adopted that the committee be instructed to report as quickly as possible through official Baptist publications.

The convention will re-assemble in Waco next November.

SOCIETY and Club

By MRS. W. A. GILLON

DOUBLE BIRTHDAY PARTY.

Mrs. B. F. Mtnocha entertained for her niece Julia Mikulik, aged nine years, and her little daughter, Hosale, aged four years last Saturday afternoon.

The home was in readiness for Santa Claus, decorated in dozens of red bells and a Xmas tree, strung with apples and red bells. Thirty-one boys and girls came bearing presents for the two little girls. These were hung on the tree.

The younger children were entertained in one room cutting paper dolls while the older ones put card puzzles together, seeing which could do it quickest. Edith Macal and Thersa Matula won out in this and were given beautiful flower pots. After this the children joined in the donkey game and Abbie Batte pinned its tail in the right place, and was given a dainty work basket while Eunice Tyson was consoled with a barking dog. The two big white birthday cakes, decorated in red candles, red berries, were cut. In cutting Rosalie's cake the ring fell to Bobbie Redfield, the button to Dick Batte and the thimble to Davis Lewis.

From Julia's cake the ring fell to Gussie Hubert, the button to Gertie Hubert, the dime to Isabel Redfield, and the ring to Julia Mikulik.

While the children waited for Santa Claus ice cream cones were served.

Santa Claus came jingling his bells and was well impersonated by Isabel Redfield. Apples and bells from the beautiful tree were given the little guests while the birthday gifts the children brought were given Julia and Rosalie.

The best fun was left for the very last—a real grab bag. This was hanging between the door and contained pecans, fruits and candy. One child was blindfolded and struck it down and out poured the good things on the floor and they scrambled for keeps.

The children had a most enjoyable time and wished the two little hostesses many happy returns of the day.

FORTY-TWO CLUB.

Mr. John Mangum entertained the Forty-two club last Thursday in a sweet, simple way. There were 12 club members present.

There was a short business session held in which it was decided to start the games promptly. After the usual number of games, Mrs. Mangum assisted by Mesdames George Graves and Wylie Mangum served a delicious combination salad in molds, sandwiches, stuffed figs and hot tea.

Those present other than club members were: Mesdames S. A. Cottle, J. L. Clinton, Wylie Mangum and Trent Newton.

SKATING PARTY.

Miss Ona Tyson entertained last Friday night with a skating party.

The home was bright and cheery in poinsettias, ferns and roses. There were seventeen boys and girls present.

The principal diversion was skating on the walks, but they had a few strolls. Mrs. Tyson was assisted in serving and entertaining by Misses Inez Tyson and Anna Belle Clinton.

Delicious hot chocolate with marshmallows and cake were served.

BAPTIST AUXILIARY.

All four circles met at the church Monday with thirty-three present.

Mrs. John Denson presided and led the devotional after which Mrs. Wm. Henderson who had just returned from the State convention gave her report, which was very inspiring, interesting and created a great deal of enthusiasm.

PRESBYTERIAN AUXILIARY.

The executive met at the church

Monday with a good attendance. After the business session plans for the Sunday school treat for the children was discussed.

PRE-NUPTIAL PARTY.

Tuesday night Mrs. W. H. Triggs complimented Miss Corine Majors, whose marriage will take place Dec. 20th to Mr. Erwin Anderson. They were twenty-five ladies present and a joyous social time enjoyed, hemming cup towels and making aprons.

Mesdames Alex Triggs and C. D. Lay added to the pleasure of the evening by rendering beautiful solos. Mrs. Triggs served delicious chicken salad sandwiches and hot chocolate.

METHODIST MISSIONARY.

The ladies met at the hall Monday with twenty-three present and three new members were added.

A business session resulted in the following officers being elected:

Mrs. Joe Lindsay, president.

Mrs. Howard Baskin, vice president.

Mrs. W. O. Triggs, Young Peoples superintendent.

Mrs. W. C. Agee, Junior Superintendent.

Mrs. Leiland Green, study and publicity.

Mrs. C. D. Lay, social service.

Miss Maggie Lou Acock, recording secretary.

Mrs. R. S. Boykin, corresponding secretary.

Mrs. D. H. Slaughter, treasurer.

Mrs. J. S. Bragg, local treasurer.

Mrs. Tom Denson agent of Missionary Voice.

WEDDING AT BRYAN.

Mr. Cooper Stedman Allen to Miss Mildred Newton at the Baptist church at Bryan Nov. 29th at 8:30

o'clock. Those attending from Cameron were Mr. and Mrs. Trent Newton and family, Miss Helen Flynn, Little Miss Velma Newton of Cameron was junior bride's maid.

BIRTHDAY PARTY.

Little Miss Henriem Hefley celebrated her sixth birthday Tuesday afternoon. Seventy-five little girls and boys responded to the invitation, bearing gifts of all kinds of toys, books, handkerchiefs, to bring birthday joy to a little girl.

The home was beautifully decorated in Xmas bells, berries and greens of all kinds.

The dining table had a centerpiece of a big white birthday cake with six red and green candles with a wreath around it of silver tinsel. In the cut the ring fell to Dorothy Jones, the thimble to Bonnell Ninast, the button to Andrew Freeman, the dime to Annie Freeman.

Games of all kinds were played and Miss Sallie Kate McLane told them stories. Mrs. Hefley was also assisted by Mesdames Jim McCamey, L. J. Hefley, John and Wylie Mangum. Plenty of ice cream cones, candy and chewing gum was served and each little guest carried home a souvenir. dolls for the girls and horns and whistles for the boys.

Mr. Beach came as a "crowning glory" for the party and took a group picture of the party.

GIRLS' MISSIONARY SOCIETY.

The girls of the M. E. Missionary society were nicely entertained by their efficient leader Mrs. W. O. Triggs on Tuesday afternoon.

The usual lesson and program was presented. Mrs. Triggs treated the girls to delicious hot chocolate, sandwiches and cake.

THRALL NEWS NOTES.

Dec. 6.—Rev. J. W. Sharbutt who has been preaching here for the Methodist church for the past two years has been sent back for the next year and he preached last Sunday.

Rev. J. A. Hall of the Baptist church who is a student of Baylor in Waco will preach here next Sunday and may accept a call for this place for two Sundays in the month.

The Jonah High school boys basketball team, not being satisfied with their recent triumph over the Thrall boys at Georgetown, played them again last Thursday and were defeated 23 to 12. Several boys and girl rooters accompanied the Jonah team, but the Thrall boys and girls outrooted them.

John Boertz a farmer living four miles south of here, lost about 2000 bales of cane and three racks of fodder last week by fire. It is thought that some one dropped a lighted cigarette from which the fire originated.

H. Paslman's son had a car turn over with him Monday while driving on a level road near their home near Sandaval. He walked home and the family seeing that he looked a little "azed" sent for a physician, but he had apparently recovered and no real harm was found by the physician, yet the young man could not tell how the car turned over, or how he got away from the car which had almost changed its direction and was entirely turned over.

LILAC LOCALS

This section has been blessed by a

good rain since our last writing, and which was of great benefit to the farmers. Some of us have had oats planted for some time, but as there was no moisture in the ground they would not come up. There has not been much farming done out our way, it being so dry, but we can get busy now as the ground is in good shape for plowing.

Hugo Feussell and wife were in Cameron Saturday last.

Rufus Groves and others went their usual deer hunting the past week.

The program at the school house Friday night was a success and the house was well filled.

Enl Willie and children of Union Ridge were here Friday night.

J. E. Hock and P. S. Groves were in Cameron Sunday morning.

We are sorry that the people won't come out and help us clean up the cemetery, last Friday being the day set for this work and not enough came to do any good.

Mr. Asncraft hauled wood to Cameron last Friday.

Albert Bender of Temple was working in the cemetery the past week.

Friendship school came over Friday afternoon and played our boys a game of basket ball, the score being 6 to 1 in favor of Friendship.

We understand that Mr. Meyers is going to move near San Gabriel. We regret to lose these folks.

Hugo Feussell and R. G. Bice had

THE MENACE OF THE PINK BOLLWORM—BUY ONLY STERILIZED SEED.

It seems that the pink bollworm is scattered over the State of Texas much more than we know about. It is a very serious cotton pest and is usually carried from place to place in planting seed.
Arrangements have been made for

the sterilization of cotton seed shipped from place to place for planting. By sterilization is meant treating the seed in such manner as to kill all pink bollworm therein and not injure the seed.

Our advice to farmers is not to buy any cotton seed for planting unless each sack has a tag on it signed by the Commissioner of Agriculture and the Chief Entomologist and states that the seed have been sterilized.

Chief Entomologist, Texas Agricultural Department,

Don't worry and complain about a bad back. Get rid of that pain and lameness! Use Doan's Kidney Pills. Many Cameron people have used them and know how effective they are. Ask your neighbor? Here's a Cameron case.
Mrs. S. A. Gjedde, gave the following statement June 26, 1915: "I am glad to endorse Doan's Kidney Pills for they have done me lots of good. My back ached constantly and I wasn't able to do my work. I was down in bed part of the time and suffered constantly. My head ached and I could hardly see from dizziness. Rheumatic pains darted through my back and sides. My kidneys acted too often and most of the time not freely enough. I was caused much pain and

there were other signs of kidney weakness. I was in bad condition when I read about Don't Kidney Pills them. Two boxes of Doan's put my and sent to the City Drug Store for kidneys in good order and rid me of the pains in my back."

On July 2, 1918, Mrs. Gjedde added: "All I have previously said in recommendation of Doan's Kidney Pills, I

gladly confirm. I feel I owe my good health in my advanced years to Doan's Kidney Pills."

Hot Water Each Morning Puts Roses in Your Cheeks

To look one's best and feel one's best, enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisons, before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of combustible material in the form of ashes, so the food and drink taken each day leave in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.
If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.
Girls and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphated hot water drinking and are assured of very pronounced results in one or two weeks.
A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowel pores do.
Women who desire to enhance the beauty of their complexion should just try this for a week and notice results.

THORNDALE EWS

BY FRED M. HERNDON

MOTION PICTURES TO BE FEATURING INTERESTING REELS ON VARIOUS SUBJECTS TO BE FEATURE OF COURSE.

Motion pictures, both interesting and highly educational, will be among the big features on the program at the Agricultural Short Course and two-day Livestock and Poultry Fair to be held in Thorndale on Wednesday and Thursday, January 25 and 26th.

These will consist of nine reels dealing with various subjects of importance to farmers, to housewives, to those living in town and those residing in the country.

One of these reels, devoted to sheep, has been pronounced by experienced sheep growers and prominent live stock men all over the country as the best reel on sheep ever produced. It covers practically every problem in the raising and care of sheep and is both pleasingly entertaining and instructive.

Every sheep grower, whether experienced or not, every farmer, every town dweller, every man, woman and child should see this reel.

Two reels will be devoted to corn. One shows the harvesting, storing and testing of seed corn, step by step, illustrating how simple and easy, and yet how important, it is to provide ourselves with seed that we know will grow. The other corn reel deals with the cultivation of corn and how to utilize it in feeding live stock.

Another reel shows the farm tractor engaged in numerous tasks, from plowing a town lot to pulling 52 plows on the open prairie.

"Home Conveniences" is the subject covered by a reel which will prove of great interest to women and equally interesting to men. "Home Canning by the Cold Pack Method" will be shown in another reel. This illustrates every step in the canning of various products.

"Milk—Nature's Perfect Food" is the title of a reel which tells the value of milk and how to produce and use it.

Another reel, "Make More from the Farm Poultry," deals with poultry raising from the farmer's viewpoint. It tells the things we ought to know about poultry.

Still another reel bears the title, "Farm Inconveniences," and graphically portrays some of the fool things we do.

The other reel "The Pit Silo" shows how to construct and use this home-made silo that is so cheaply built and is so practical for dry countries.

No admission will be charged by any session of the short course. The public is invited. No one will want to miss seeing these pictures.

BREMONT RANCH DEEP OIL TEST COMPLETES FISHING JOB, NOW 2560 FEET.

The Bremont Ranch Syndicate has just completed a mean fishing job at the deep test on the Shelby Phillips place three miles southeast of Thorndale. A part of the bit became broken at the bottom of the hole some two weeks ago and this was removed Tuesday and drilling resumed at the 2560 foot level.

According to Manager Ralph Babcock the deep test is going down in an effort to locate the famous Woodbine sand which is thought to underlie this section.

For the past 100 feet or more the

drill has been going through a solid rock formation containing hematite and manganese which is considered the very hardest formation a drill can be pushed through. This formation accounts for the very slow progress made at this test for the past two months or more.

NEW METHODIST PASTOR HERE.

Rev. I. B. Manly, the new pastor of the local Methodist church arrived in Thorndale Saturday and delivered two able sermons to his new congregation Sunday.

Rev. Manly comes to Thorndale from Houston and is a very able and pleasant minister. Mrs. Manly is engaged in school work in Houston and a daughter is attending school there at present, but expect to join Rev. Manly here about the first of the year.

Giles Pugh of Cameron has accepted a position here with the Thorndale Garage and is making his home with his brother, Marvin Pugh and family.

TEACHERS' EXAMINATION LAST WEEK.

Prof. H. M. Roark of Thorndale reports 24 applications for teacher's certificates at the examinations held at Cameron last Friday and Saturday.

Of the 25 applicants, 18 were for second grade, 2 for first grade and 4 for permanent certificates.

Misses Mary Dixon and Lonzo Barbee of this city were among those who took the examinations.

BABY CECIL LOCKLIN DIED AT HOME OF UNCLE HERE FRIDAY NIGHT.

Baby Cecil Locklin, twenty-one months old son of Mr. and Mrs. Bill Locklin of San Gabriel died at the home of S. G. Locklin here Friday night at 11:45 o'clock after an illness of only 2 hours from a form of croup. Funeral services were held from the S. G. Locklin home Saturday afternoon by Rev. J. J. Burk, pastor of the Baptist church. Burial was made in the Locklin family cemetery near San Gabriel.

The many friends of the sorrow stricken family mourn with them in their loss.

COMB SAGE TEA INTO GRAY HAIR

Darkens Beautifully and Restores Its Natural Color and Lustre at Once.

Common garden sage brewed into a heavy tea, with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get the ready-to-use preparation improved by the addition of other ingredients a large bottle, at little cost, at drug stores, known as "Wyeth's Sage and Sulphur Compound," thus avoiding a lot of fuss.

While gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger. Wyeth's Sage and Sulphur Compound is a delightful toilet requisite. It is not intended for the cure, mitigation or prevention of disease.

started housekeeping in Gus Newton's bungalow near r.r. H. M. Roark's residence.

E. A. Smith and family of San Antonio are occupying the Elliott Hotel property on main street.

Arthur Young and children have moved to the Commercial hotel following the sale of the Young home some time back.

Mr. and Mrs. W. R. Davis of Austin returned to their home Monday after a very pleasant visit here with Mr. and Mrs. Chas. Davis.

Carl Reese came in from the Minerva oil field Sunday and reports several good wells, also says a refinery is being built there and a tank covering some five acres of land. Considerable work going on, but only resident men employed.

Buell Nunley who has been down with typhoid fever at the home of Joe Penney is now able to set up.

Mrs. Bradley and daughter of Rockdale were guests of Mrs. J. H. Penney recently.

Mr. and Mrs. Emmett Cast Goodland and Mr. and Mrs. Lee Penney of Nile spent Sunday with G. W. Penney.

Mrs. Nettie Lincoln and daughter from near Salty called at the home of Mrs. Poe Penney Saturday.

Branch Lewis of Rockdale was here Friday Frank Muston from Gardner was in our town Friday.

Ralph Rose spent the week end in Rockdale and Minerva.

Misses Rutherford and Young visited in Thrall last Monday.

John Penney, Richard Broadhurst and Egbert Rose were out near Conoley Sunday.

George Wooley of Ellison Ridge was in Thorndale on business Saturday.

Ed Kirkman of San Gabriel was a business visitor to our town Saturday.

Mr. and Mrs. Rutherford and wee daughter Louise of Thrall visited relatives here Sunday.

RED PEPPER HEAT ENDS RHEUMATISM

Red Pepper Rub takes the "ouch" from sore, stiff, aching joints. It cannot hurt you, and it certainly stops that old rheumatism torture at once.

When you are suffering so you can hardly get around, just try Red Pepper Rub and you will have the quickest relief known. Nothing has such concentrated, penetrating heat as red peppers. Just as soon as you apply Red Pepper Rub you will feel the tingling heat. In three minutes it warms the sore spot through and through. Pain and soreness are gone.

Ask any good druggist for a jar of Rowles Red Pepper Rub. Be sure to get the genuine, with the name Rowles on each package.

Chas. Daniels of near Nile was transacting business here Saturday.

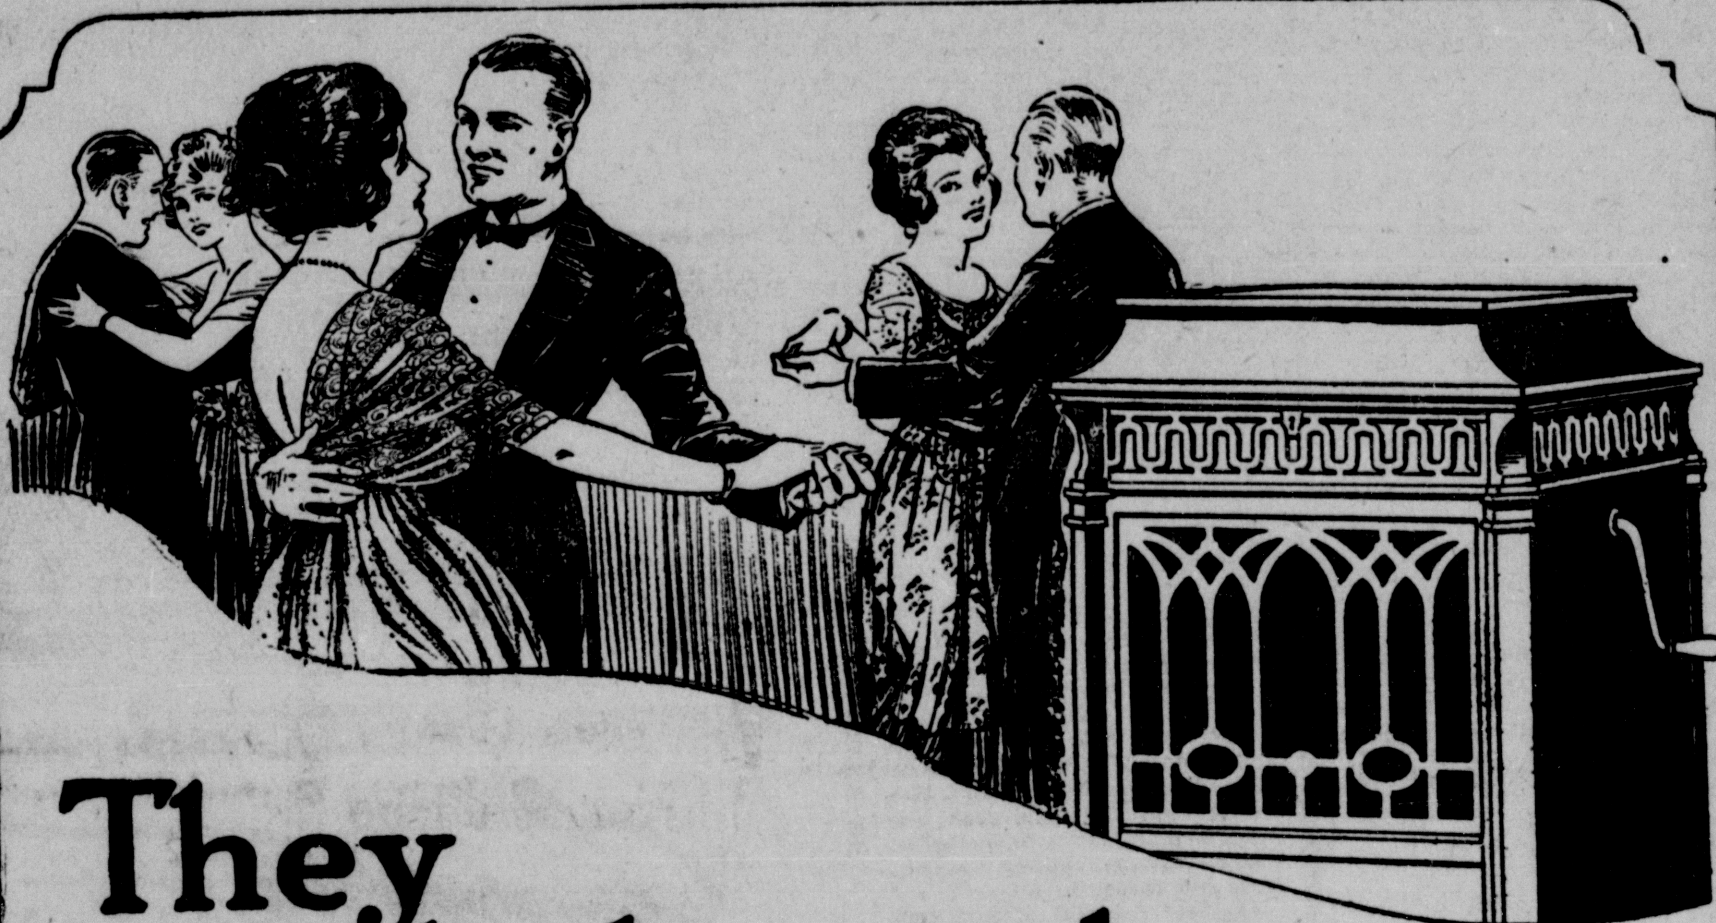

Ed Raspberry made a business trip to Rockdale Friday.

They want the phonograph that's First with the Hits

TODAY'S popular young folks don't want to dance to the hackneyed tunes of last month. They want the newest—the latest—the best song hits. They want their music direct from Broadway. That's why they all insist upon the *New Edison*.

Edison is always ten days to three months ahead with the popular music. The "Edison Bunch on Broadway" gets every new song, musical comedy and dance-hit the moment it breaks. Mr. Edison's own marvelous new process of manufacturing makes them into technically perfect RE-CREATIONS in the fastest possible time.

Tests of direct comparison have proved that the New Edison RE-CREATES these hits with Broadway's true pep and flavor,—because there is no difference between the original music and the RE-CREATED music.

Early Christmas Morning

Four little feet patter on the floor,
Two tiny curls of hair peep in at the door,
Near the merry laughter of the chimney's roar,
Early Christmas morning.

Two little stockings full of socks and toys,
Everything so charming for little girls and boys,
How could they help, then, making such a dreadful noise,
Early Christmas morning?

Down beside the stockings many gifts were spread,
Dollies, drums, a cradle, and a brand new sled,
"Haven't we too many?" little Nellie said,
Early Christmas morning.

Four little feet on the sidewalk cold,
Two little faces with want and hunger old,
Peeping through the window where these gifts are holed,
Early Christmas morning.

"Yes," says John to Nellie, as he spies the two,
"We've so many presents—tell you what we'll do:
I'll give half of mine away. Now, dear Nellie, will you?"
Early Christmas morning.

Two little hungry ones into the house were called,
Favors heaped upon them till they stood enraptured,
Was not this the magic song, "Peace, good-will to all?"
Early Christmas morning?

Decorate the Christmas Package

EVERY one when sending a Christmas gift desires it to appear as attractive as possible. When we receive a gift nicely wrapped with tissue paper and decorated with pretty Christmas seals, there is an added pleasure. This is especially so when we realize that the sender has spent time and cleverness to give this little touch of personal thoughtfulness.

Many varieties of Christmas seals may be purchased, but a little originality will not come amiss even in these small details.

There are seals for the outside package and the heading to be used on the note paper, conveying the good wishes of the giver, or on the little card of greeting. These two in each set match. This gives another touch of the unusual, which is always sought after.

Have a piece of carbon paper, place it over the note paper, card or seal, and on top of this one of the designs. Carefully trace with a sharp pencil the entire outline. An exact duplicate of the design will be found on the note paper or seal ready for tinting. This may be easily done with water colors or wax crayons. Poinsettia should be colored a warm, bright red, with yellow centers and dark green stems.

Holly, the special emblem of this season, has berries of vivid, fiery red and glossy leaves of dark green.

A dainty basket of forget-me-nots would be pretty colored yellow, the flowers a faint light blue and the bow-knot of pale pink. Now we have the mystic sign of the holidays, borrowed from the Druids, the mistletoe. The berries of this plant are a pearly white and the leaves a yellowish green.

Spend a little extra time giving the Christmas gift this novel decoration, and the pleasure it affords will never cause you to regret having done so.

Economy is to be considered at Christmas time. Our purse-strings have been stretched to the breaking point purchasing gifts for relatives and friends. To put this fascinating bit of handiwork upon the Christmas package costs comparatively nothing, aside from the time you spend doing it. This fact counts very little when we add to the enjoyment of others.

These few suggestions will probably cause endless ideas for the Christmas package to present themselves to you. Make your gifts radiate the holiday spirit; give this little bit of personality and attractiveness to as small a thing as the Christmas seal.

HOW UNKIND

"Fred is getting nearsighted."
"It couldn't follow that there is anything the matter with his eyes because he can't see one under the mistletoe."

Christmas Packages.

A woman whose Christmas packages never fail to reach their destination in safety says she always writes the name and address of the recipient upon the inside wrapper of the box containing them. Packages sometimes lose their outside wrappings, but if the postal clerks can find the address on the inside wrapping all will be well. This woman also ties up the inside wrapping securely before putting on the outside cover.

JONES PRAIRIE NEWS.

From all indications Jones Prairie will soon be an oil town, as the Sneed well two miles northeast of Jones Prairie is now down more than 3600 feet and the prospects are that it will come in soon. It is reported that the Texas Company is to begin a well near here in the near future.

The school work is progressing nicely under the management of Supt. L. B. Lockhart. The children rendered a nice program Friday night and the whole community, practically attended. After the program a community Literary society was organized and the following officers were elected: Mrs. T. B. Stidham, president, Miss Edna McKinney, vice president, Mrs. R. O. Harper, secretary-treasurer, Mrs. H. P. McKinney, critic, R. H. Jones, Sgt.-at-arms, H. B. Crook, second Sgt.-at-arms. We have an able staff of officers and we hope for the hearty co-operation of all the community. Our first program will be Friday night, Dec. 16, at the Jones Prairie high school and the public is cordially invited to attend.

Rev. S. R. McClung who has been pastor of Little River Baptist church for three years has tendered his resignation. He has moved to Fort Worth, to attend the Seminary. While pastor here he endeared himself to his members and congregation and it is with sincere regret that we give him up. We predict for Bro. McClung a very bright future in his chosen work as he has proven himself very capable in his ministry here.

Messieurs G. N. Smith, A. C. Black and A. R. McLerron spent Tuesday in Burlington guests of Mrs. J. C. Her-ring. Miss Daisy McLerron visited in the home of Miss Alex Ford of Baileyville Thursday. Mrs. Ford had planned a surprise party for the girls, the occasion being the birthday of both.

Mr. Rodney Fontaine is at home from Allen Academy, suffering an attack of malaria fever.

Miss Edith Smith is spending several days with Mrs. C. H. Bailey near Calvert.

Sam Harrell was a business visitor in Cameron Saturday.

Miss Edith Foster is in Cameron taking the teachers examinations.

Henry Black and son, Dewey, have come to Ballinger, Texas, on a visit to relatives. They made the trip in their own car and were accompanied by Mr. Charles Black who has been visiting here.

Mrs. Rose Reedy and children of Waco, Texas, are visiting her parents, Mr. and Mrs. W. F. Garner.

Miss Daisy McLerron had as guests for the week and Misses Vera Herring and Marie Reeves of Baylor University.

Mr. Harlan Lester who is attending school in Waco was home on a short visit last week.

While attempting to vaccinate a cow last Wednesday, Mr. Arthur Barnett had the misfortune to get his shoulder dislocated.

We were glad to have as visitors to our school last Friday night, Mr. Joe White, driller of the Sneed oil well, and his lovely wife.

Mr. and Mrs. J. A. Jamison are on the sick list this week.

Mrs. Tom Stidham entertained one night last week Miss Daisy McLerron and her guests of Waco.

We regret to say that the condition of Mr. S. T. Burnett, who has been sick for several months, has not improved any.

The Wyoming Oil World says: "Our lady subscriber from Poison Spider, who is the owner of a first class oil field boarding house, says she noticed in the World where the company of which she is a stockholder shipped a 'Bull Dog Spear' by express to one of the wildcat operations. She says she supposes they needed it in a hurry is why they shipped it by express, and adds that she is not satisfied with the action and does not want to appear to be finding fault all the time, but would like to know if it is necessary to furnish the drilling crews with different kinds of spears for different breeds of dogs." Probably this stockholder will be satisfied if the bull dog succeeds in treeing the wildcat, but remember, sister, that fortune depends on the turn of the wheel, if it's only the calf wheel. It's a queer lot of live stock that the oil company stockholder gets mixed up with, anyway, Johnnie. By the way Johnnie, did you sloop the lease hog?

And the Rig and Reel came along with this:

1. "How do you tell the right from the left in a pair of spudding shoes?"

"Where do the investors get all the money the stockholders take away from them?"

2. "At what quarter of the moon can the engine block be used as a green block, and why?"

3. "Are all Standard rigs owned by the Standard Oil Company?"

4. "Explain the difference between a 'quartz' pump and a 'lense' pump?"

5. "Locate the position of the headache post."

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Belton, Texas, Dec. 3, 1921.
Editor The Cameron Herald,
Cameron, Texas.

Dear Sir:
Will you be so kind as to publish the enclosed report of the Cottage Home which will be of interest to your readers as eight girls from your town are in the home this year.

Your friend,
ELLI M. TOWNSEND.
COTTAGE HOME DEPARTMENT
OF BAYLOR COLLEGE

This year, the twenty-ninth since the founding of the Cottage Home, finds the number of girls increased from twelve to four hundred and the buildings from one cottage to three large dormitories and three cottages.

As is known to most of the people of this state and many in the south, this home was founded by Miss Elli Moore, now Mrs. E. G. Townsend, and through a co-operative and economic plan of home life girls who were unable to meet the full expenses of a boarding school might have the opportunity of a college education.

Since the founding of the Cottage Home more than a quarter of a million dollars has passed through the hands of Mrs. Townsend and has been used in aiding ambitious girls in securing a higher education.

The Cottage Home is one of the two systems of dormitory life in Baylor College Belton, the largest Baptist college for women in the southwest and one which through its splendid work and growth has come to be acknowledged as a power, not only by the state, but by the Southern Baptist Convention.

The training for church is a splendid one, the education and mission work of the church being presented in special programs, and training for service being emphasized through a complete system of the Baptist Student Union and its departments—B. Y. P. U., Y. W. A., Volunteer band and other church organizations.

A large number of the girls enrolled are lessening their expenses by having a one hour or more duty, while many are meeting the entire expense of their board and tuition by work in the home or offices.

Through the number enrolled in the home has now reached the four hundred mark, Mrs. Townsend still is not satisfied and hopes after Christmas holidays to add more names to the list of girls who are being aided in working out their ambition for an education.

ORIENTAL OIL COMPANY ENTERS MINERVA FIELD

With an inch rainfall in the vicinity of Cameron and Minerva, nearly all the drilling rigs were shut down Friday. The rain was general throughout Milam county and will put the pikes in good shape for the heavy travel that is looked for in the oil fields from now on to the holidays.

The Oriental Oil Company, a refining and producing company of Dallas, has entered the Minerva pool and has shipped a rig into the field to develop the company's forty-acre tract that was purchased some time ago from Ben McClellan, north of the Henry lease in the proven field. It is believed that before long the company will be selling its famous Hurry Back gasoline in Dallas made from Minerva crude oil produced from its own wells.

Kemp & Hefley, oil operators in the Minerva pool, who are preparing to drill their No. 1 Moody to the deeper sands, had several Dallas and Fort Worth business men showing them over the Minerva field the early part of the week.

The refinery and pipe line to the field is under construction and will be running Minerva crude through the lines by Jan. 1.

Piles Cured in 5 to 14 Days

Druggists refund money if PAZO OINTMENT fails to cure itching, burning, bleeding or protruding piles. Get it at once. Piles, and a cure.

OLD-TIME COLD CURE—
DRINK HOT TEA!

Get a small package of Hamburg Breast Tea at any pharmacy. Take a tablespoonful of the tea, put a cup of boiling water upon it, pour through a sieve and drink a teacup full at any time during the day or before retiring. It is the most effective way to break a cold and cure grip, as it opens the pores of the skin, relieving congestion. Also loosens the bowels, thus breaking up a cold.

Try it the next time you suffer from a cold or the grip. It is inexpensive and entirely vegetable, therefore safe and harmless.

RUB RHEUMATISM FROM
STIFF ACHING JOINTS

Rub Soreness from joints and muscles with a small trial bottle of old St. Jacobs Oil

Stop "dosing" Rheumatism. It's pain only; not one case in fifty requires internal treatment. Rub soothing, penetrating "St. Jacobs Oil" right on the "tender spot," and by the time you say Jack Robinson—out comes the rheumatic pain. "St. Jacobs' Oil" is a harmless rheumatism cure which never disappoints and doesn't burn the skin. It takes pain, soreness and stiffness from aching joints, muscles and bones; stops sciatica, lumbago, backache, neuralgia.

Limber up! Get a 35 cent bottle of old-time, honest "St. Jacobs Oil" from any drug store, and in a moment you'll be free from pains, aches and stiffness. Don't suffer! Rub rheumatism

OAKDALE.

Dec. 6.—Mr. H. B. Pressley is home from the oil fields for a few days with his family and is also helping the trustees with their work on the school house. They tore down the building that they were teaching in, and moved it to the grounds they bought some time back and had grubbed. There were four acres, but they had just two cleaned off. They are putting the house up on the far side from Mr. Pressley's. They expect to put up a big nice school building later, and have this house for a teacherage. The teachers are in the building that we had for a hall. We hope to have a very nice school building when every thing gets finished that the trustees have planned.

Mr. John Ford has his nephew, Victor Elackzander from Oklahoma.

We hear neighbors ringing their friends on the phone asking them if they will come and help kill hogs, and of course everyone wants some fresh meat. There has been several killed this morning.

Mr. Oscar Garner of Marlow was in Cameron Saturday Saturday.

Mr. Giles McDormont was trading in Cameron Saturday.

Howard Ford was in Cameron Saturday.

Sunday was too cold for people to go any where, so there is nothing to write.

NEW WIRELESS TELEGRAPH
AND TELEPHONE INSTALLED.

By the Tyler Commercial College, of Tyler, Texas. It is the best and most modern outfit obtainable from the Westinghouse Co., and has a guaranteed radius of 1200 miles. In ordinary weather, it will pick up messages from all over the United States, and in clear cold weather, it is possible to communicate across the Atlantic ocean with the high powered stations in Europe.

The news from the present International Conference on Disarmament is being sent out by wireless and in our opinion communication by wireless telegraph and telephone will eventually be as widely commercialized as Morse Telegraphy has been.

At this time, a large number of wireless stations are being operated all over the United States, not only by the government and by commercial concerns, but by individual as well, and the demand for operators is rapidly increasing. Excellent salaries are paid. Many young people have already

realized this need and have inquired of us at different times why we did not teach this work. It is particularly appealing to young people because it is a comparatively new and unlimited field.

Our initial class will be limited to fifty. Naturally, those who first apply will be allowed to enroll first in this work. Our teacher is one of the very best to be had and our radio plant will always be in the charge of an operator licensed by the United States government. Fill out the coupon below and mail immediately so that you can enter the first class that is now being organized.

BABE LOSES WORLD
SERIES MONEY AND
GETS MONTH REST

Chicago, Ill., Dec. 5.—Babe Ruth's share of the world's series profits in 1921 were declared forfeited and Ruth himself suspended until May 20, 1922, by Commissioner K. M. Landis in a decision today fixing punishment for the New York Yankee baseball player for participating in a post-season barnstorming tour.

Ruth may apply for reinstatement on May 20 or within ten days after that date, Commissioner Landis said. The 1922 baseball season starts about the middle of April, so that Ruth will be prevented from participating in baseball for at least one month next season.

MEAT CAUSE OF
KIDNEY TROUBLE

Take a glass of Salts if your Back hurts or Bladder bothers—Meat forms uric acid.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sours, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three time during the night.

To neutralize these irritating acids, to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithe-water drink.

breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing

and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuff-up and miserable. Relief is sure. (Advertisement.)

FORDSON

More and more every day the demand for the Fordson Tractor increases because the Fordson has demonstrated so much usefulness, so much economy, so much labor saving, so much money saving, along so many lines of activity. The farmer has discovered that not only for plowing, harrowing, discing, seeding, mowing, reaping and threshing, but a multitude of other uses; cutting wood, feed, grinding feed, churning, washing, furnishing water in the house, making electric lights possible in the house and around the barns, so that, as a matter of fact, there is hardly an hour in the day when the Tractor cannot be made a profitable servant. There is ditching to do, there are roads to fix, and so on all down along the line of the numerous calls that constantly face the farmer the Fordson steps in and does the work, shoulders the complete burden of the toil and the hard work, one might almost say "drudgery."

This is the Age of Machinery, the day when man plans the day's work, or the year's work, and then turns it over to the Tractor to execute. Get the book, "The Fordson at Work," because it is free. If you cannot call for it, write and we will mail it to you. The Tractor is not only a necessity to every farmer but is an established utility along a great many commercial lines. Our allotment is limited to so many each month. Let's have your order now.

SHARP.

(Mrs. W. H. Lyon.)

Dec. 5.—An ideal "hog killing" spell caught every one napping, and we hear a great many regrets expressed on account of it.

Last Friday evening arrangements for the completion of a literary society in our school was completed. The society is composed of the high school section and the sixth and seventh grades, Mr. Marshal and Mrs. Lyon, teachers. The first program was very promising, as each one who had a part responded nobly and did his part quite well. Ben Reichert is president, Lonzo Raby, Secretary, Louie Hertenberger was elected door-keeper. The naming of the club created no little interest, the names suggested being The Delphian and the Robert E. Lee. Louis Hertenberger made a splendid impromptu speech in favor of Robert E. Lee, but on a count the Delphian won by only one vote.

Luther McDonald was called to Fort Smith, Ark., one day last week on account of a very serious accident in which his sister and husband, Mr. and Mrs. Cecil Wells were perhaps fatally injured. Mr. Wells was driving a Buick car in which were nine occupants, including children. In passing over a viaduct under which a train was running control of the car was lost, the railing gave away, plunging them over to the track below, a distance of twenty-five feet. All the occupants were injured seriously and one has since died. A letter to Mrs. McDonald states that there may be some hopes for Mrs. Wells. Mrs. Wells will be remembered to her friends in Milam county as Miss Elvie McDonald.

Mr. and Mrs. Hertenberger were called to Marlin one day last week to see his father who was not expected to live.

We are glad to report Mrs. J. W. Parker up after an illness of ten days.

The Christian Endeavor is progressing nicely and holds regular meetings each Sunday evening at seven o'clock. Weldon Reichert was leader last Sunday night and deserves great credit for the manner and ease with which he conducted it.

Miss Mattie Brinkley of Rosebud was the guest of her sister Mrs. Frank

Reichert the last week-end.

Mr. Dilworth, Miss Maydelle Campbell and Mrs. Lyon were early shoppers in Cameron last Saturday.

A very interesting meeting is in progress at the Presbyterian church. Bro. Parker is preaching some forceful sermons which are listened to by appreciative audiences each night. Cottage prayer meetings are held in the different home and are well attended.

Messrs. Lem and Leonard Pattilla were callers to our little town Sunday afternoon.

Mr. Will Massey went to Temple on business a few days ago, and since then has been unable to be out.

Mr. and Mrs. Charlie Hook visited her father, Mr. August Silke, who has been sick for some time.

Bud McQueen, who is at work in Mexia was at home to spend the week end.

Mr. and Mrs. Dave Pattilla spent Sunday in Buckholts visiting his mother and other relatives.

Dave Wilson of San Gabriel is visiting his daughter, Mrs. Jesse Offield.

MINE BOSS SAYS HE WAS HELPLESS

Arizona Man Was Simply Down and Out and Couldn't Even Move Himself—Feels Fine Now.

Harry E. Scott, a well-known mine boss, whose address is Box 683, Tombstone, Arizona, writes:

"I was down and out nearly all the time with rheumatism and finally got to where I couldn't move, even to feed myself. My wife thought I would never get well again, and she knew my condition better than anyone else.

"I was absolutely helpless when my wife started giving me Tanlac and in four days I ate a hearty meal for the first time in many months. Tanlac put me on my feet and I'm back on the job working hard and feeling just fine. I have gained eighteen pounds in weight, too."

Tanlac is sold in Cameron by New Cameron Drug Co., and by leading druggists everywhere. adv.

YOU CAN'T TRUST CALOMEL AT ALL.

It's Quicksilver, Salivates, Causes Rheumatism and Bone Decay.

The next dose of calomel you take may salivate you! It may shock your liver or start boen necrosis. Calomel is dangerous. It is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headacy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and uicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It can not be trusted any more than a leopard or a wild cat. Take Dodson's Liver Tone which straightens you right up and makes you feel fine. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate. adv.

Freezing Weather Cannot Stop Buick Oil Circulation

Oil pumps in automobiles sometimes freeze up in very cold weather.

The Buick oil pump is so designed that, should the pump gears be held immovable through freezing, the shaft revolves within the gear. The heat thus generated thaws out the frozen parts, restoring gear action and oil flow to normal.

Only on a Buick will you find this feature.
